EDUCATION

General Assembly   Chicago, IL
Certificate of Completion Software Engineering Immersive   *Apr. 2022 – July 2022*

Columbia College Chicago   Chicago, IL
Bachelor in Arts in Film and Video

EXPERIENCE

Web Development Tutor   March 2024 – Present
Varsity Tutors   *Chicago, IL*
- Delivered personalized full stack tutoring sessions to students nationally using the Varsity Tutors platform, fostering a positive learning environment and tailoring lessons to meet each student's unique needs and learning style.
- Leveraged strong communication skills and subject-matter expertise in JavaScript to effectively explain concepts, answer questions, and guide students through challenging topics.

Software Engineer Contract   July 2023 – January 2024
Catalyte   *Chicago, IL*
- Build new features, under the direction of the senior engineer using the full MERN stack.
- Daily bug fixes utilizing Jira ticket system.

Web Development Intern   January 2023 – April 2023
Tatum Games   *Remote*
- Work and fulfill tickets on Jira, that include, bug fixes and code refactoring to push into production.
- Applied agile methodologies, test automation, and wireframing in software development.
- Collaborate with other interns and peer review pull requests.

Lead Reservations Agent   Aug. 2018 – Mar. 2020
St. Jane Hotel   *Chicago, IL*
- Led the reservations team (a team of 4-5) and was the link between sales managers and the team in order to keep organization which allowed seamless communication needs to be projected to give the best guest experience.
- Assess all computer challenges brought on by staff and clients.
- Gained proficient knowledge and use of computer programs and applications such as Opera, OpenTable, and ConceptSPA.

PROJECTS

DevConnect | *React.js, Bootstrap, Node.js, MongoDB, Redux, Express, Mongoose, bcrypt, JSONwebtoken*

https://morning-wave-21848.herokuapp.com/

- A full MERN stack social media web application to connect other developers with similar skill-sets, create conversations about technologies, and to network. Built using software development life cycle in its software design.

Wordle Clone | *React.js, jQuery, CSS, HTML*

https://darcxnite.github.io/wordle-clone/

- A clone of the popular Wordle game with CSS3 upgraded animations. The word changes daily based on your browser's date.
